Councilwoman Rodriguez,

I am writing again to request that you order the implementation of "Restricted Street Parking Signs" (for Vehicles 22' Long or 7' High) and "LA City Weekly Street Sweeping Signs" along the blocks of Glenoaks Blvd. (between Osborne St. and Branford St. in Pacoima), especially along the fence of the Hansen Dam Golf Course. The dirt walk front, sidewalks and the street have become constant illegal dumping grounds for the homeless encampment of individuals living in their RVs, cars, trucks and trailers. In addition, the 18-wheeler commercial truck drivers use the area as if it is a "Truck Stop", parking night after night and also dumping trash onto the walk fronts and into the street.. Others may also be using this area for illegally dumping bulky items. The street just below the curbs is piled up with dirt, gravel, dried grass, twigs and loose trash. I have included PHOTOS of this area of concern in our neighborhood. We are extremely concerned about community health and safety as a result of the numerous and "such personal and unsanitary items" being constantly dumped, exposing our community to possible outbreaks of human diseases, as well as attracting rats, various other large rodents, disease-carrying insects, other pests, etc.

As our Councilperson for CD7, we ask that you work with us to help remedy this growing health/safety problem in our community. We would like to hear from you, or your office, other than just the robo responses received in the past. Thank you.

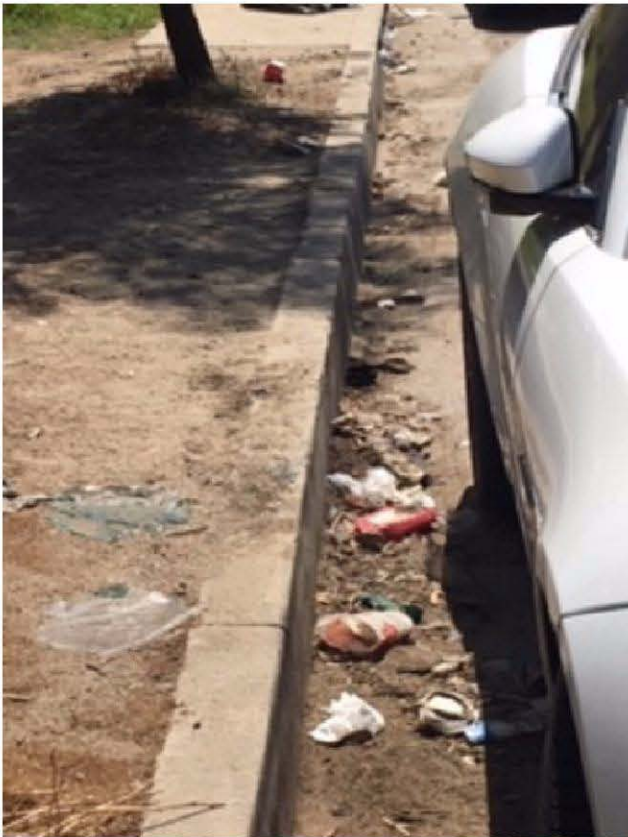

Sincerely,

[REDACTED]
